THE TRAVEL JOURNAL

HOW WONDERFUL IT IS IN VAL DI FASSA! **WHEN YOU COME ACROSS ONE OF THESE PLACES, MARK AN X IN THE CORRESPONDING BOX. WRITE ITS NAME NEXT TO IT AND A WORD TO DESCRIBE IT, A WORD THAT FLOWS FROM YOUR HEART.**

- PLAYGROUNDS IN THE VILLAGE

- HIGH-ALTITUDE PLAYGROUNDS

- AGRITOURISM LOCATIONS AND FARMS

- AQUATIC CENTRES

- THEMATIC ROUTES

- LADIN MUSEUM

A BEAUTIFUL
DAY WITH
TOBLÒ

YOU WILL HAVE SEEN, WALKING THROUGH OUR VALLEY, A TOBIÀ, A TYPICAL WOODEN BARN. IN ONE OF THESE, I DON'T KNOW WHICH ONE, WARM IN THE HAY THAT LIES READY TO FEED THE ANIMALS IN WINTER, LIVES A SMALL LITTLE MAN, PERHAPS AN ELF: IT IS **TOBLÒ**, A LOVER OF THE MOUNTAINS AND A GREAT WALKER. EVERY DAY, PROTECTED BY HIS TINY STATURE, HE GOES OUT TO ROAM HERE AND THERE, UP AND DOWN.

TODAY, TOBLÒ HAS A SPECIAL MISSION: TO GO FROM HIS FRIEND BIVACCÒ TO THE MOUNTAIN HUT UP THERE. **TOBLÒ IS ASKING FOR YOUR HELP: ARE YOU READY TO HELP HIM?**

**COLOUR
THE DRAWING!**

GETTING TO BIVACCÒ AT THE MOUNTAIN HUT UP THERE IS A REAL HIKE, SO YOUR BACKPACK SHOULD BE PREPARED PROPERLY. COLOUR THE OBJECTS AND HELP TOBLÒ TO PREPARE HIS BACKPACK.

TOBLÒ KNOWS THAT THE TALL GRASS IS A PLACE TO BE RESPECTED, THAT'S WHY YOU SHOULD NEVER GO THERE.

WHAT'S IN THE TALL GRASS?

**WRITE DOWN
THE ANSWERS**

IN THE FASSA VALLEY THERE ARE RHODODENDRONS, BUTTERCUPS, GENTIANAS, PRIMROSES, WHITE LILIES AND RED LILIES, AND ANEMONES. WHAT ARE THEY? 🙌

	L		W			S
--	---	--	---	--	--	---

IT IS WHAT THE TALL UNTRODDEN GRASS WILL
BECOME, ONCE CUT AND LEFT TO DRY IN THE SUN.
IN WINTER, IT IS THE FAVOURITE FOOD
OF BREEDING ANIMALS.

H		
---	--	--

IT CRAWLS BETWEEN THE STONES AND, IF YOU COME ACROSS ONE, IT'S TIME TO MOVE IMMEDIATELY.

V		P		
---	--	---	--	--

THIS IS NOT FOUND IN TALL GRASS: IN FACT, IF YOU GO OFF INTO THE TALL GRASS, YOU REALLY LOSE IT.

P		T	
---	--	---	--

TOBLÒ, HAVE YOU SEEN MY LUNCH BY ANY CHANCE?
ALONG THE PATH, TOBLÒ MEETS MANY HUNGRY
ANIMALS WHO ASK HIM IF HE HAS SEEN THEIR
LUNCH AROUND.

WHAT DO THE ANIMALS EAT?

MATCH EACH ANIMAL WITH ITS FOOD

-
- ROE DEER
- GRASS AND SHOOTS
- HAZELNUTS, ACORNS, NUTS, BUDS
- SHOOTS, BERRIES, BARK
- EVERYTHING, UNFORTUNATELY, INCLUDING JUNK
- SMALL PREY
- LEAVES, BERRIES AND BRANCHES OF BLUEBERRY AND RHODODENDRON

WHERE SHOULD YOU THROW AWAY OUR RUBBISH?
