## Easy walks

### From Soraga to Tamion

This "Easy walk" starts from the centre of Soraga: take the streets Strada del Cioch and Strada de Barbida, arriving at the area bearing the same name. Arrive at the little Church, take the little street on the right, pass beyond a bow vault and then turn left upwards to the mountain. Go straight on and then right, ascending through wood and pastures, until you come to a plain with a larch and fir wood. A very nice panoramic point over Soraga, Moena and Tamion is here upward on the left. Keep going ahead in the curvy path that brings you to a centenary larch wood. Beyond an ancient barn burnt by sun, you enter the hamlet of Tamion. Here you find two fountains, where you can get fresh. When you reach the centre of the hamlet, you can go back along the same route.

## Did you know that...

On 10th august 1909 the alpine guides Luigi Rizzi (Campitello, 18th July 1869 – 24th January 1949) and Ane glo Dibona (Cortina d'Ampezzo, 7th April 1879 – 21st April 1956) succeeded the first ascent ever on the smooth rock of Sasso alle Undici, in the group of Marmolada. The two famous guides climbed in roped party together with Sirs Mayer, their clients. The four alpinists covered a route, which is mostly on the ridge, along the line of rocks that was called Sas da Mezdi (the rock of midday) and is perfectly oriented from north to south, and ends into the glacier.

To participate in the initiatives for guests is compulsory to register at least one day in advance at the Tourist Offices of the Val di Fassa Card (ask your employer accommodation). The activities are reserved for guests of the associated structures all'Apt Val di Fassa.
