Here we are with "Sapori d'autunno"

4 menus (with reduced prices between 50 and 60 euro) matched with the best wines of wine cellars from Trentino and grappe Marzadro. The Chefs of Ristora Moena propose for the springtime another gastronomic event called "A tavola con la Fata delle Dolomiti".

The table is smartened up by the warm colour of the coming season, perfumed by the most captivating scents and spices, which make it flavoursome. This is the atmosphere of "Sapori d'autunno - Autumn's flavours". The event takes place until Sept. the 15th and is a prestigious gastronomic festival organized by the Hotels Foresta, Fuciade, Malga Panna and Tyrol, gathered in the association Ristora Moena. During the week, you can taste dishes of the Ladin tradition, made with local ingredients. Dishes with salmon trout with green salad and Schüttelbrot cream, the cream of celery-turnip with crispy onions, rabbit stuffed with boletus, and rooster with cream of chickpea and underbrush: these and much more is offered by the restaurants this week in Moena.

Easy walks

From Penia to Lorenz and Verra and Insom

This "Easy Walk" starts from the square of Penia: make upwards for the meadows walking along the path called Troi de Lorenz, arriving at the small Lorenz and Verra hamlets. Walk by the small Church on a grassy path. Upward you can see the ruins of the centre of Insom. Through the meadows, you reach the stream Ruf de Penia, pass it and go ahead rightward to a footpath into the wood. Walk through the clearing of Udäer, descend the state road on the right side for 150 metres up to the guardrail on the Avisio bridge. Pass beyond it and make for the wood. Span another bridge and walk 30 metres on the country road (B-road). Then enter the wood on the right and follow the path. You will find a gangway that leads to Segheria Veneziana and after the second, you get quickly to Penia again.

Passepartout

The "Fairy Rocks" on Buffaure

The Dolomites are composed of very special rocks that tell many tales, and can boast their admission in the list of Unesco World Heritage after having received its prestigious "brand". Children who want to listen to these tales are welcome on 11th September at 9.30 a.m. for the event "Rocce da Fiaba - Fairy Rocks". It is a pleasant outing for families on Buffaure (by cable car from Pozza in few minutes) along an easy path with the experts of "Sentieri in Compagnia". Children can also have fun in picking pieces of rocks and pebbles, which become later the protagonists of a composition, touched up by paper and colours, to carry as souvenir. Booking at the Tourist Office within September the 10th at 6.30 a.m. (free activity; ropeways at the participants' expense).

Did you know that...

The Group of Catinaccio has always separated two populations that speak different languages and have different cultures: in the west side live people from Val d'Ega and Tires, with German mother tongue, and in the east side live the Ladins, with their specific language that comes from an ancient mixture between Latin and Raethian, which has been kept up to the present. People from South Tyrol call this mountain "Rosengarten" (The garden of roses), because of the legend of Re Laurino and its blooming garden. The Ladins call it "Ciadenac".

To participate in the initiatives for guests is compulsory to register at least one day in advance at the Tourist Offices of the Val di Fassa Card (ask your employer accommodation). The activities are reserved for guests of the associated structures all Apt Val di Fassa.
