Sella Ronda Bike Day: mountains ask you to pedal

Bikers can start the tour from any Ladin valley around Sella Massif, anyway Canazei is regarded as one of most favourite access-point. At the end, a "recover" service will collect those bikers, who are too weary to further pedal on the passes.

All bikers would dream of riding along an amazing road, at their full disposal. The 9th Sella Ronda Bike Day does fulfil that dream. Surely, bike enthusiast are not going to miss this opportunity. Not by chance, more than 20 thousand bikers took part to last two editions of Sella Ronda Bike Day, all riding up and down along mountain roads (closed to traffic from 8.30 am to 3.30 pm) connecting four passes: Sella, Pordoio, Gardena and Campolongo. An unforgettable panoramic tour across the majesty of Dolomites landscape, the scent of woods and the silence of nature. Bikers must just abide by very few rules: reducing their speed (as people of all ages, included children, will be on the road), wearing a crash helmet and preferring the anticlockwise route.

Amazing walks

From Fontanazzo to Camerloi and Campitello di Fassa

Walk along path 577, leave Fontanazzo di Sotto till you arrive at a forest road on the left. Where the latter crosses the forest road coming from Mazzin, ascend rightwards. Pass an aedicule, enter a flatland and continue to ascend. You will reach Dona Refuge: the path leads to a plain, where path 580 arrives. Cross Camerloi meadows, keep ascending and leave path 580, then rightward to Pas de Ciarejoles. The path descends to Val Duron, in the wide clearing of Ciamp de Grévena. Pass through the alder wood till the valley bottom (0,45h; 3.30 hrs), get into the dirt road on the right that leads to Micheluzzi Refuge (1.850 m; 0,45 h; 4,15 hrs), and then descend to Campitello (0,45 h; 5 hrs).

Did you know that...

Only at the end of the 18th century, pursuant to the persistence of illness and pestilence in the valley, the first municipal doctor was nominated and given a permanent residence. Some documents prove that Doctor Giacomo Soraperra was elected in 1804 as local doctor. Firstly, he made a petition to the Judge of Vigo for suing the non-licensed healers that operated in the territory. Then he firmly wanted the practice of vaccinations to be spread, above all against the common plagues that decimated the population.

To participate in the initiatives for guests is compulsory to register at least one day in advance at the Tourist Offices of the Val di Fassa Card (ask your employer accommodation). The activities are reserved for guests of the associated structures all'Apt Val di Fassa.
