Eco-friendly "Fassa Running Volvo" at Costalunga

"Val di Fassa Running Volvo" invites children and teenagers to approach such a healthy sport: on the occasion of tomorrow's rest day, the promising runners of "Mini Val di Fassa Runnin" will face in a friendly fashion along Pozza di Fassa's green track.

Two new entries for "Val di Fassa Running Volvo". World famous runners as well as running-enthusiasts will tackle the traditional footrace, taking place from 22 to 27 June along Fassa valley's paths. About 400 participants will be present at 9.00 am at the starting-line, set for the first time at Passo Costalunga, at the feet of Catinaccio. The new 12,4 km race-location was chosen by the organizing committee, led by Francesco Cincelli. What's more, some specific electric devices will be tested with all respect to environment, in order to follow the race and to provide support according to the competition's ecofriendly philosophy. After a rest day, the footrace continues in Campitello on 26 June, and in Canazei on 27 June, with a final uphill stage arriving at Col dei Rossi (8,6 km).

"ErbArte": artistic herbarium

Today at 5.00 pm Dolomites Geological Museum opens its door. The museum is located in Predazzo, in Val di Fiemme, and it is a section of Muse of Trento (new Science Museum inaugurated in July 2013). The exhibition is specialized in minerals and fossils of Fassa and Fiemme, found, studied and catalogued during many years of research. In the afternoon, besides the visit accompanied by Daniele Chini's music performances, the exhibition "ErbArte" will be launched. It is an artistic revisitation of the concept of herbarium, created by students of 3rd year of Pozza Artistic High School G. Soraperra, under the supervision of Silvia Alfarè Lovo. In the summer, both museum and exhibition can be visited from Tuesday to Sunday, 10.30-12.30 am and 4.00-7.00 pm.

Did you know that...

4 February 1803 the bishop-principalities of Trento and Bressanone were annexed to Tirol, that means to Austria. After this secularization, local autonomies (last heritage of ancient feudal system) get abolished. The historical border passing South of Soraga (dividing Fassa from Fiemme Community and hence Bressanone from Trento Principality) lost its political as well as religious meaning. All taxes of Fassa went to Austria cashes, the valley passed under Bolzano's Administration District and was aggregated to Cavalese's Jurisdiction.

To participate in the initiatives for guests is compulsory to register at least one day in advance at the Tourist Offices of the Val di Fassa Card (ask your employer accommodation). The activities are reserved for guests of the associated structures all'Apt Val di Fassa.
