Dolaondes means "following the waves" in Ladin. Not by chance, it is the name of Canazei water center, offering swimming and refreshing amusement opportunities all summer long. This welcoming facility can boast on a wide Water and Fun area, equipped with 5 pools. Some examples: recreational pool with water-whirls, nuchal showers and a surprising 111 m long parabolic slide; baby pool with toys for little children; external pool with salty water and whirlpool. Did you know that...

Since the first decades of the eighteenth century, primary schools already existed in every village of Fassa. Only the students of Penia had to go to Alba. Lessons were taught by priests, and when one of these couldn't teach any more, the breadwinners decided altogether who could take his place. The most influential religious authority of the valley was the priest of San Giovanni, to whom the control task was entrusted. After few times he was officially nominated Regio Ispettore Scolastico (Royal School Inspector), with the commitment to visit regularly the schools.
