Easy walks

From Mazzin to Solaria

In front of the church of Sènta Maria Maddalena in Mazzin take the street Strèda de Col da Chieve. Before the bridge on the stream Ruf de Udai, ascend rightward on the path bearing the same name. Turn off the hamlet (the smallest municipality of Val di Fassa) and go straight on. The street turns into a dirt road that is around 150 meters long. You will find a rock with the red-and-white sign: turn right on the narrow street that ascends gradually and then flattens out for a long stretch. Thence cross a river and pass a ramp and you will exit the wood upward the private housing estate Solaria. Descend then along the dirt patch getting onto the asphalt road towards the state road. You can return easily to Mazzin following the sidewalk that skirts the main road of the valley bottom.

These artists were well known in the Dolomites and in the surrounding regions as well, and used plates to depict decorative elements, subjects of the animal and plant's world, holy figures and miracle workers.
