"Cycling route of the Dolomites": everybody pedalling

There are 15 Bike Express stops along the cycling route, with 3 runs a day, one in the morning (start from Molina at 9.15 a.m.) and two in the afternoon (from Molina at 1.30 p.m. and 5.10 p.m.). Tickets for owners of Val di Fassa Card: adults € 7, under 12 € 2.

With 7 km more just tuned (and inaugurated on the 11th of July), the "cycling route of the Dolomites" is a real "velvet ribbon" linking Canazei (1465 m) to Molina di Fiemme (965), developing on 48 km totally. Along 45 km – it is now possible, in fact, to reach Fontanazzo easily – of paved route (also accessible to pedestrians), mostly 3 metres wide, the cycling route is suitable for trained bikers, but also for families with children: through woods and fields there are many spots for breaks and picnics, but, above all, there's the possibility to pedal only downhill and on slight slope, coming back using the "Fassa e Fiemme Bike Express". This bus, with a trailer for the equipment, makes it possible to enjoy the two-wheel without efforts (everyday - Saturday excluded).

Amazing hikes

From Ronchi to Fango

Start from the area named "Ronchi", nearby Moena. From the overpass of the Lusia ski slope on the state road from Moena to San Pellegrino pass, continue driving for 700 m until the small park area on the right, before the bridge on Rif de Sèn Pelegrin stream. Leave the car and walk straight ahead on the forest road, parallel to the stream. The trail is composed by flat tracks that alternate with few easy ascents and three ramps, which do not exceed 250 m of length. Along the trail you will find a point of sparse trees (where - in the past - an avalanche swept away the wood); leave on your right path n. 625 (leading towards Malga Colvere) and cross the stream in the area of "Fango" nearby a well-equipped picnic area with tables and benches (2 hrs. from the parking). Come back along the same path.

Passepartout

Tasting at "Entorn Vich"

Food and craftsmanship, artistic and musical traditions will be protagonists tomorrow from 8.15 p.m., around the centre of Vigo. Among ancient crafts and folk melodies, at "Entorn Vich" (Around Vigo) gastronomy dominates, with an extraordinary offer of flavours, available also thanks to the collaboration of "Strade del Vino e dei Sapori del Trentino" (Trentino Wine and Flavours Streets). Among the tastings proposed, barley soup, polenta with sausages, "raclette" of Cher de Fascia cheese, typical salami, sweetnesses, home-made marmalades and much more, combined with juices and local wines. At the cashes of the stands you can buy the coupons for the "Taste tour" (17 tastings; € 12) or for the reduced (4 wine tastings; € 6) with the glass of the event included.

Did you know that...

Once upon a time, when the valley counted just on livestock and little cultivation that grew at high altitude, the harvest represented everything for the local economy and subsistence. Therefore, in the years of famine, there were people accusing the priests not to have sufficiently blessed the fields. To purchase corn, which wasn't produced in Fassa, people had to go to the Adige Valley. However, in the less fertile years, farmers were forced to sell their fields to the adjacent German speaking folks, in order to buy the corn, that could cost even 8 times more than its normal prize.

To participate in the initiatives for guests is compulsory to register at least one day in advance at the Tourist Offices of the Val di Fassa Card (ask your employer accommodation). The activities are reserved for guests of the associated structures all'Apt Val di Fassa.
