### "On the road" among the peaks with PanoramaPass

PanoramaPass is very appreciated by those who visit the valley: each summer people buy more than 36.000 cards. The guests who sojourn in one of the partner hotels of the Tourist board, equipped with "Val di Fassa Card", can benefit of a discount on its usual price.

One of the best way to live your holiday in Fassa in the best way is to examine the territory privileging the altitude, with paths, landscapes and refuges. The most intelligent way to do it is using the typical mountain transport means: cable cars, funiculars and chairlifts. The lifts bring to wonderful places where excursionists can march off on the most demanding paths, those who are less fit on the easiest paths, but all on the right way to discover great and unforgettable panoramas. In Val di Fassa, then, to leave the car in the garage and to use the lifts is not only healthy for the environment, but also convenient, thanks to PanoramaPass. This is a card, available in 3 formulas (valid: 3 days in 6, 6 days in 6, 7 days in 13) that gives unlimited access to the lifts, appropriate to each stay.
