Canazei astonishes with its show on the snow

The snow used for the show in Canazei is realized at the ice-centre in Alba, and transported to the centre with the lorries. It is interesting to be present, since the afternoon, at the preparation of the slope with the means and the ski instructors beating the blanket to make it perfect.

Even if this year summer did not bring its proverbial "August Hot", it is a real show and a great surprise to find the snow, tonight at 9.00 p.m., in the very centre of the village of Canazei. But this is only the beginning of what can be admired tonight, when on the white blanket in Strèda Roma street, specifically tread, ski, cross-country ski, snowboard and freestyle instructors of the ski school Marmolada perform. This snow professionals alternate on the white slope in a whirlwind of slalom and zigzags to show the evolution of the ski technique along the years, but also jumps and acrobatics on music. After the romantic final torchlight procession, the slope will temporary left to the amusement of the children, allowed to slide full speed on colourful inflatables.

"In nome della madre": Mary for De Luca

Two chairs and two cloths are the essential set design of "In nome della madre", (In the name of the Mother), show on stage tonight at 9.00 p.m. by the parish theatre in Pozza, by Erri De Luca and directed by Danilo Nigrelli. The play has only one actress on stage, Patrizia Punzo, interpreting Maria, Miriam in Hebrew, Jesus' mother. She tells her extraordinary experience, through the feelings, the anxieties and the certainties of a young woman, in a monologue full of an intense drama strength, shared with Giuseppe, beside Jesus. The show, that is the last appointment with the festival "Ispirazioni d'estate", promoted by the Deanery of Fassa, in collaboration with the tourist board and the events committees of the various villages, and is divided in four sections: "L'Annuncio", "Gli altri", "Il viaggio" and "La nascita".

Did you know that...

Once upon a time, the inhabitants of the hamlets Mazzin, Campestrin and Fontanazzo could reach Val Gardena or Castelrotto through the steep paths of Val Udai and Val di Dona valleys, in order to trade food and wares. Actually, they did not like these pathways, and preferred to walk along the valley bottom and then ascend the dirt roads departing from Pera or Campitello. These, in fact, were more frequented roads (this means less dangerous) and above all they were not as inaccessible as the others if people need to carry heavy wagon with products, food and provender.

To participate in the initiatives for guests is compulsory to register at least one day in advance at the Tourist Offices of the Val di Fassa Card (ask your employer accommodation). The activities are reserved for guests of the associated structures all'Apt Val di Fassa.
