## High-level hikes

### From Col dei Rossi to Passo Fedaia

To enjoy at best this high-level hike, take the cable car from Canazei to Col dei Rossi. Descend to Rifugio Belvedere and ramble to the right in the middle of the green meadow, then on the dirt road to Rifugio Fredarola at 2.388 m (0,20 h). Follow path n. 601, that is sometimes steep but mainly flat till Rifugio Viel dal Pan at 2.432 m (0,40 h). Go on for quite a long stretch, with light altitude gaps, enjoying the beautiful landscape over Tofane. You will get to a crossroads: descend rightwards and diagonally to the artificial dam of Fedaia. Pay attention covering the last stretch cautiously because of its incline. You will come out on the road to Passo Fedaia opposite Rifugio Marmolada "E. Castiglioni" (1,20 h; 2 hrs.). You can come back to Canazei by bus: the bus stop is exactly at the end of the path.

### Architectures to "Build in Trentino"

"Costruire il Trentino" has been inaugurated yesterday at the Ladin Museum in Sen Jan. The exposition, result of the namesake price promoted by Circolo Trentino per l'Architettura Contemporanea and by Ordine degli Architetti PPC, reached Val di Fassa after its success at Mart in Rovereto and around the main local centres. The exposition offers important ideas that make us think on contemporary architecture in the province, interpreted without any contrast between "tradition" and "innovation", but as an evolution of the compositional language that mixes the local constructive channels and propose them under an actual interpretation. The exposition is open until the 10th of September: 10.00 a.m. - 12.30 p.m. and 3.00 p.m. - 7.00 p.m. and from the 11th to the 20th September: from Tuesday to Saturday 3.00 p.m. - 7.00 p.m.

## Did you know that...

In ancient times, people used the word "Grottol" to indicate a funny play, a sort of mostly extemporized bind of dialogues and plays based on a pastoral theme that used to take place in summer in the open air or in winter in the "stue" (rooms where during the day the family used to meet) of Val di Fassa. With "Grottol", happenings and facts linked to characters of the villages around the valley were told, but also events of a larger echo that had a certain "appeal" also among the people of Fassa in any case.

*To participate in the initiatives for guests is compulsory to register at least one day in advance at the Tourist Offices of the Val di Fassa Card (ask your employer accommodation). The activities are reserved for guests of the associated structures all'Apt Val di Fassa.*
