Easy walks

From Canazei to Gries

This easy walk starts from the centre of the picturesque village of Canazei. From here, descend along Strèda de Roma Street and take Strèda de Cercherà Street on the left. Few meters after the bridge on the Avisio river, walk leftwards on the higher path that skirts upward the park of Residence Villa Avisio. Continue beyond the plank that signs the limit of the meadows, keep on walking by the ski lift Avisio and follow its stream for a while. Then, you will cross a little wood and, after a short descent, walk down again by the stream. Walk nearby a wide pasture, thereafter, enter the wood cobbled with a gorgeous moss-covered carpet. Then, come out on the state road near Pènt (=bridge in Ladin) de la Roa. Overpass it and come back to the village of Canazei walking along Strèda de Pareda Street.

Passepartout

Where the fun is "green"

Try some putt on the golf course of Val di Fassa and enter the large groups of passionate players of the most practiced sport in the world. It is impossible not to fall in love with the green sweep of Golf Club Carezza at Passo Costalunga: 9 holes (Par 35) for real experts, that from May to October hosts a thick number of competitions. The field, thanks to its panoramic position and to its southward exposition, since 1907 has been hosting the ancient aristocracy from Austria and England that loved to spend long holiday periods at the feet of Catinaccio and Latemar. Nowadays, it is still yearned for by golf players from many countries that desire to play surrounded by the Dolomites. For beginners, there's also a good 5-holes practice camp in Campitello (n. 2 Par 4 / n. 3 Par 3).

Did you know that...

Once upon a time, it was really hard to be a farmer. In fact, those who worked the ground and bred goats, sheep or cows had to do everything on their own: from the fences to restrain the cattle, to rural instruments, reparations, to put right to any kind of home-damage, in the stable or in the fields. In other words, he had to manage any situation without being influenced by the fear. He was a real pioneer and his manual abilities and inventiveness were undoubtedly essential to take care of the settlements and territory for many Centuries.

To participate in the initiatives for guests is compulsory to register at least one day in advance at the Tourist Offices of the Val di Fassa Card (ask your employer accommodation). The activities are reserved for guests of the associated structures all'Apt Val di Fassa.
