Nina Zilli and Fabrizio Bosso start the "Sounds"

In case of bad weather the concert of Nina Zilli and Fabrizio Bosso (Photo: Trentino Sviluppo) will take place at 9 pm at Cinema Marmolada in Canazei. Because of the limited capacity, booking is recommended: +39 0462 609600. Tickets from 6 to 8 pm.

The most famous festival of Trentino's summer starts in Val di Fassa: it combines marvelously natural location with art and music. In a duet with Fabrizio Bosso - a talented jazz player - Nina Zilli performs today in the centre of Canazei (instead of playing in Val Salei as planned, pursuant to the bad weather conditions). She is the singer who represents at best the fusion between Italian music and modern Afro-American soul. It is a special concert - dedicated to Amy Winehouse - for the duo that after playing on prestigious stages, reaches the beautiful green park in Canazei for the appointment of the "Sound of the Dolomites". And today the green hearth of Canazei turns into a very special wing, surrounded by the unique background of Sass Pordoi and Gran Vernel.

Easy walks

From Vigo to Santa Giuliana

From the pharmacy of Vigo ascend Street de Piz till a covered fountain, and proceed on Street de Sent'Uiana. Walk upwards on a dirt road that leads to the surrounding wall of the Church of Santa Giuliana, one of the richest in history buildings of Val di Fassa, whose existence is proved since 1237. Near the Church you can visit the Austro-Hungarian war cemetery, with 663 fallen of the Great War from the wide territory of Austro-Hungarian Empire. From the high ground beyond the Church, follow the dirt road till you reach path no.547, which descends from Vael. Walk along the road downwards till it becomes Street de Pontac, and then Street Rezia. Turn now left to reach the starting point.

Did you know that...

"Cesa da mont" was a little domestic mountain hut, or a summerhouse near the pasture. The structure was generally wood made and it consisted in a stall, that kept the livestock, linked to a kitchen (with open fireplace) and the barn at the first floor, without doors, only with little windows that aerated the fodder. Farmers used to sleep on a straw bed. Beside there could be one or more "tieja dal fen", small temporary "tobia" (barn), with light wooden structure, standing on a stone basement, with vertical protection, big door and shingle roof.

To participate in the initiatives for guests is compulsory to register at least one day in advance at the Tourist Offices of the Val di Fassa Card (ask your employer accommodation). The activities are reserved for guests of the associated structures all'Apt Val di Fassa.
