### "Maratona dles Dolomites": the harmony rules

For the "Maratona dles Dolomites" the cyclists ride on the passes Sella, Pordoi, Falzarego, Campolongo, Gardena, Valparola and Giau: they are all closed to traffic in different time slots. The Pordoi will be closed from 6.30 to 9.20 am, and the Sella from 7 to 10.45 am.

Harmony: that's the key word of the famous cyclist marathon on the UNESCO's mountains. It starts today from La Villa in Badia (6.30 am). The event keeps a dual aim: the riders challenge each other on seven passes of the Dolomites, and the national television Rai 3 broadcasts live the event, giving in that way the chance of debating on environment, culture, sustainable development around the Sella's Valleys. In the meanwhile, there will be footage on the Val di Fassa's appointment with the "Sounds of the Dolomites". 9.469 athletes on competition (selected among 31.600 requests from all round the world), but only 929 women, can choose 3 different tracks: "Long" (138 km; alt. gap 4190 m), "Medium" (106 km; alt. gap 3090 m) and "Sella Ronda" (55 km; alt. gap 1780 m).

## Amazing walks

### From Fontanazzo, through Camerloi to Campitello

Walk along path no.577, leave Fontanazzo di Sotto till you arrive at the forest road on the left. Where the latter crosses the forest road coming from Mazzin, ascend rightwards. Pass an aedicule, enter the flatland and continue to ascend. You will run into the Dona Refuge: the path leads to a plain, where path no.580 arrives. Cross then Camerloi's meadows, keep ascending and leave path no.580, then rightward to Pas de Ciarejoles. The path descends to Val Duron, in the wide clearing of Ciamp de Grèvena. Pass through the alder wood till the valley bottom (0,45h; 3.30 hrs.), get into the dirt road on the right that leads to Micheluzzi Refuge (1.850 m; 0,45 h; 4,15 hrs.), and from here descend to Campitello (0,45 h; 5 hrs.).

## Passepartout

### Alessio Bernard: the shots of the valley

Peaks, blooming meadows, snow blocking the streets. And then houses and a valley of yore. Faces of children, old people and women. There are no other beautiful black and white portraits as Alessio Bernard (1922-2012) fulfilled to do. "60 years of images" is the interesting exhibit dedicated to the photographer Bernard and is to be inaugurated today at 9.00 pm, in the municipal hall of Canazei. Actually he represents a precious witness of Val di Fassa and Fiemme since 1946, as he shot the main changings in the territory and the society. He also portrayed relevant person like Alcide Degasperri, Sandro Pertini, Aldo Moro, Pope Giovanni Paolo II, Fausto Coppi and others. The exhibit is open until the 21st July.

## Did you know that...

Only at the end of the 18th century, pursuant to the persistence of illness and pestilence in the valley, the first municipal doctor was nominated and given a permanent residence. Some documents prove that Doctor Giacomo Soraperra was elected in 1804 as local doctor. Firstly, he made a petition to the Judge of Vigo for suing the non-licensed healers that operated in the territory. Then he firmly wanted the practice of vaccinations to be spread, above all against the common plagues that decimated the population.

To participate in the initiatives for guests is compulsory to register at least one day in advance at the Tourist Offices of the Val di Fassa Card (ask your employer accommodation). The activities are reserved for guests of the associated structures all'Apt Val di Fassa.
