Discovering the valley through the "Troi di Ladins"

15 itineraries detailed on the guide "Troi di Ladins" (in the bookshops of the valley: cost 14,95 euro). Besides the description of the trails, there are also maps and information about villages and places, geology, historical facts, minerals, and much more.

From Penia to Forno di Moena, a long circular itinerary connects every corner of Val di Fassa. It is called "Troi di Ladins" (the path of Ladin people) and was inaugurated last summer: it combines new and old peculiarities revealing curiosities on the valley. The "troi" is composed by fifteen stages (nine on the right side of Avisio river and six on the left one) leading to the ancient paths - partially restored where necessary - used throughout the centuries by local people to carry the hay from high altitude to the valley bottom. Walking along these tracks, you can discover the territory and its flora, fauna, geology, farming, traditions, culture and the local Ladin language. To catch all its beauty you should explore it slowly, even better if you go along with a guide.

Amazing walks

From Costalunga to Paschè

The route starts from Passo Costalunga (1,745 m). You come here easily driving from Vigo for ten minutes. Once you get here, walk towards the Lake of Carezza, until the Hotel Alpenrose, in the proximity of which there is the lower station of Paolina chairlift, which goes to Refuge Paolina at 2,125 m. Got here, you can continue the excursion on path no.539, and then path no.549: it will bring you in half an hour to Roda di Vael Refuge through a beautiful panoramic trail (2,238 m). From here, descend on path no.548, along the valley called Paschè, where lots of pretty marmots live. Go ahead in a mule track to Costalunga Pass (1,15 h). From the pass it takes about half an hour to get to the chairlift again, following the dirt patch parallel to the street (2,30 hrs.).

Passepartout

Let's score strike

Bowling is ideal for a cheerful evening with friends, or even to turn a boring afternoon into an occasion of pure fun with the family. There is nothing better than winning with your team: actually young and old people all around the world like this sport. The rules are simple: the target is to knock over pins, which are usually ten, bowled with a wooden ball with three finger holes - for thumb, middle finger and annular. The ball is thrown on a flat wooden or synthetic surface. Footwear is fundamental, because its sole of leather allows the bowler to slide on the lane. You can play bowling at the Hotel Tyrol in Canazei (phone: +39 0462 601156) and at the Hotel Alpe in Alba (phone: +39 0462 601357), that provides you the whole equipment, including shoes.

Did you know that...

The small Church of San Volfango in Moena is among the oldest of Val di Fassa. Consecrated in 1432, it was painted several times on its all facades. According to experts, the most important fresco of the entire cycle is that of San Martino and the poor, near Nicola da Tolentino (it dates back to the 2nd or 3rd decade of the 15th century). The work is in courtly style, given evidence by the clothing of the saint cavalier. Not only the author of that painting is unknown, but also the others that depicted the numerous scenes inside the Church.

To participate in the initiatives for guests is compulsory to register at least one day in advance at the Tourist Offices of the Val di Fassa Card (ask your employer accommodation). The activities are reserved for guests of the associated structures all'Apt Val di Fassa.
