### Footage: "The free spirit of wood"

Enrico Costanzo, the director of the film broadcasted tonight in Canazei, boasts important collaboration with Dan Freeman, Folco Quillici, Geo&Geo, Mountain Wilderness and WWF Italia. His works won also international awards.

Rocks, water, native vegetation and wild animals turn the wood into a complete liveliness world in every season. Actually, few people know it properly. A real expert of officinal herbs and fossils is Ferruccio Ferò Valentini, author of extraordinary issues and protagonist of the documentary "Lo spirito libero del bosco" (The free spirit of the wood) - belonging to the festival "ParoleVistaDolomiti" - broadcasted tonight at 9.00 p.m. in Piazz Marconi in Canazei. The movie proposes a journey throughout the entrancing nature of the Dolomites, and includes as voice-over the well-known actors from Trentino Andrea Castelli and Maria De Roit. Enrico Costanzo, who has been directing naturalistic documentaries all around the world for over 20 years, directs the film.

## Easy walks

### From Moena to Medil, Prà Compert and Penia

Reached the southern part of the football field C. Benatti of Moena, take the dirt road that leads to Medil. Ascend crossing the grassy area Val, going out from the wood into Medil hamlet. Pass the centre and nearby the Church continue to ascend along a cobbled road (no.517). Continue to Col de Moena. At the crossroads, take the easy path rightwards. Pass a ramp getting outwards onto the clearing Prà Compert. Border on the wood, and when you reach a stone with white and red sign, walk to the opposite side of the clearing. From here, descend a slope equipped with steps. Shortly the descent becomes easier and reaches the ancient hamlet of Penia. To go back to Moena, cross woods and meadows, leave the forest road, reach the hamlet of Sorte, and finally Moena.

## Passepartout

### The "Crepes Trasfiguredes" by Pedone

Striking and original images, created with the classical analogical technique, are on exhibit for "Crepes trasfiguredes. Dolomiti, leggende e trasfigurazione" (Dolomites' legends and transfiguration) a show to be inaugurated today at 5.00 pm in the Heilmann Hall at the Ladin Museum in Vigo. The set-up consists of a selected range of photographs from where the essence of local legends transpires. Marcella Pedone was defined by critics not only a talented professional photographer, but also a documentarist in the forefront. Some impressive shots were also selected to make the calendar 2013 of the Ladin Cultural Institute of Val di Fassa "Majogn di Fascegn". You can visit the exhibition until 20th August every day from 10 am to 12.30 pm and from 3 to 7 pm.

## Did you know that...

Would you like to know the weather forecast and you are in the area of Mazzin? Then just go to Piazz de S. Maria Madalena, where you will find - near the fountain - a real weather station with thermometer, barometer and hygrometer in order to be informed with certainty on temperatures, humidity and atmospheric pressure: these are 3 parameters that reveal us whether the sun shines or the rain falls. Four Ladin inscriptions - that are four reliable proverbs related to the climate conditions - decorate the base of the station.

To participate in the initiatives for guests is compulsory to register at least one day in advance at the Tourist Offices of the Val di Fassa Card (ask your employer accommodation). The activities are reserved for guests of the associated structures all'Apt Val di Fassa.

## Some events of the day

### Is there life in the universe?

Vigo di Fassa

5.00 pm - Playground. The interesting astronomy workshop called "Il paese delle stelle" (The village of the stars) proposes a conference on aliens. Alessio Zanol, the expert of Atlantis of Trento, will analyse in a funny and curious way, the possibility of life forms in the universe.
