Amazing hikes

From Campitello to Prà Molin to Val Duron

From Campitello outwards, through Street de Morandin and Street de Col da Faé, ascend till a pasture along a grassy path sometimes steep. You enter then upstream the wood of Mount Ponjin, you walk by the clearing Prà Molin, getting out diagonally on a plain over the stunning Val Duron. You will now cross a beautiful wood of Swiss pine. Afterwards you arrive at a pasture in Ciampié and ahead to Micheluzzi Refuge, after passing Ruf de Duron (2,30 hrs.). You come back to Campitello crossing again the stream and turning left into a path, which is easy at the beginning and then becomes steeper. It brings you to the street of Val Duron, in Pozates. Here you find the Bar/Restaurant Hut Fraines, halfway between Micheluzzi Refuge and Campitello (0,45 h; 3,15 hrs.). Continue till you reach the village again.

Did you know that...

Once upon a time, in August, the whole family used to move from the valley bottom to the high pastures, where the livestock grazed. It was an expected moment, particularly planned out. Despite the hard work it was a kind of holiday, above all for young people that could thrive in freedom in those green meadows. Going to the mountains was a tradition of the people living in Val di Fassa, because in the boarding valleys there were already Alpine huts, prepared to welcome every year - during the summertime - cows and people.

To participate in the initiatives for guests is compulsory to register at least one day in advance at the Tourist Offices of the Val di Fassa Card (ask your employer accommodation). The activities are reserved for guests of the associated structures all'Apt Val di Fassa.
