Did you know that...

"Le pope del Latemar" is a legend that tells about young shepherds, that one day were asked by an old man whether they had found a knife with a gold handle. Minega found it in the grass and gave it to the old man, who invited her to express a desire. She wanted a doll. Minega told a foreigner woman what happened, who said her that the old man would carry dolls with silk clothes brocade and gold coins, but suggested her to be suspicious of him. Minega did what the woman told her, and from the sky fell a dolls' cortège, who turned into the actual Latemar rocks.
