Did you know that...

On 16th February Val di Fassa celebrates its patron, Santa Giuliana. In the past, after a very long procession, the people of the valley met in Vigo. The procession was built up by two branches, one departing from Soraga and the other from Penia. The branches got larger and larger passing through the villages, and once got in Vigo they began to ascend towards the hill where the patron's Church is located, where only few people were able to enter. The majority of people prayed outside, on "Cjaslir", an area of worship even before the Christianity.

To participate in the initiatives for guests is compulsory to register at least one day in advance at the Tourist Offices of the Val di Fassa Card (ask your employer accommodation). The activities are reserved for guests of the associated structures all'Apt Val di Fassa.
