Itineraries

FROM CANAZEI TO VAL DURON

This "Amazing hike" starts from the centre of Canazei: follow Via Roma street to the area called Ciuch and here go up along Strèda F. Dantone street, leading to Strèda Dolomites street. Follow the pavement towards Campitello, till Hotel Caminetto: here cross the street, reach the hotel and take the path ascending slightly to "Bosch da Ronch" wood. The trail keeps ascending till it comes to the hairpin bends that lead to Pian, over Campitello. Follow the street crossing this picturesque hamlet and take the path beginning from Strèda de Fossèl street. Walk until Baita Fraine, in Val Duron. From here, you can reach Rifugio Micheluzzi. To go back, you can either walk along the same route or descend the forest road leading to Campitello and on the nice walk along the Avisio river, come back to Canazei (3 hrs.).

Did you know that...

In the 17th century, the charm of the Dolomites captivated not only scientists and mountaineers, but also several artists. For example Edward Theodore Copton (Stoke-Newington, London 1849 - Feldafing 1921) that climbed around 300 hundred ascents on the Dolomites and depicted hundreds of paintings. His portraits became the most important representations dedicated to alpinist findings at that time. His paintings are both realistic (carefully plenty of mountains' details) and romantic, thanks to the impressionistic brush strokes giving that sense of poetic atmosphere.
