#### **HIGHLIGHTS**

## **ROYAL BANQUET AMONG THE REFUGES**

Up there, where the legend says that the most famous king of the Dolomites lived, the dinner is simply uncommon. Today in fact, from 7.15 p.m., the panoramic hollow of Ciampedie (2000 m) that can be reached from Vigo becomes an extraordinary party hall for "The King Laurin Banquet", where the lights and flavours are amazing. The same for the food that from the starter to the dessert is served along a walk from one refuge to another on Ciampedie. Differently from the past, it is also possible to benefit just of the atmosphere of the evening (lift price: € 11) or take part to the wine tasting only (€ 18 with the lift) or savour all the proposals (€ 38: 4 servings, 3 glasses of wine, 1 beer, cheese and cured meat tasting, grappa a gadget; return ticket for the lift).

## Did you know that...

In the past centuries, mothers in Val di Fassa used to wean their babies very soon after birth as they didn't have enough milk because of the overload of work in the fields and at home, to which they usually went back short after the childbirth. Sometimes they happened to have to give the children the "jufa da pop" (a rye or wheat flour diluted in cow milk or water) before the christening. This phenomenon was strictly linked with infant mortality rate: if the infant was strong and had a good stomach, he could digest this mixture. Otherwise, he would have died because of digestive problems.
