To reach Passo Sella, and avoid to fill the pass with cars, we recommend to take the Col Rodella gondola lift and then continue on foot along the path Friedrich

HIGHLIGHTS

THE LADINS CELEBRATE THEIR COMMUNION

On 14th July 1946, 3000 Ladins met on Passo Sella to affirm their identity as a people and have the right to be united (instead of divided in several provinces). In 1996, many Ladins made a date on the pass to remember this historic moment, which will be honoured today and tomorrow with several initiatives. Tonight at 9.00 p.m. flamboyant fires will be enlightened around the massif, tomorrow at 9.30 a.m. parade of the music and cultural groups from the five Ladin valleys, at 10.30 a.m. inauguration of a new monument in Ciavazes, at 11 a.m. Mass beside the small church on Sella, at 11.45 a.m. execution of the "Inn Ladin", the Ladin Anthem with speeches of the authorities, finally at 1.00 p.m. demonstration of the Aiut Alpin Dolomites. Possibility, then, to have lunch on the pass and to listen to the concerts of several groups.

Itineraries

FROM MOENA TO MEDIL, PRÀ COMPERT AND PENIA

Reached the southern part of the soccer field C. Benatti of Moena, take the dirt road that leads to Medil. Ascend crossing the grassy area Val, going out from the wood into Medil hamlet. Pass the centre and nearby the Church continue to ascend along a cobbled road (no.517). Continue to Col de Moena. At the crossroads, take the easy path rightwards. Pass a ramp getting outwards onto the clearing Prà Compert. Border on the wood, and when you reach a stone with white and red sign, walk to the opposite side of the clearing. From here, descend a slope equipped with steps. Shortly the descent becomes easier and reaches the ancient hamlet of Penia. To go back to Moena, cross woods and meadows, leave the forest road, reach the hamlet of Sorte, and finally Moena.

Did you know that...

In the 19th century, especially English and German travellers and the scientists begun to choose the Dolomites as their Grand Tour destination. They felt the necessity to tell their experience amongst the marvellous rocks of the territory they were about to discover. Also the naturalist Manchester Churchill, together with his friend Gilbert and their wives, travelled to Carinzia, Tyrol, Carnia and Friuli, between 1861 and 1862. Once he got back to London, he wrote and published "The Dolomite Mountains" in 1864, a precious statement and a masterpiece of tourism promotion of the time.
