HIGHLIGHTS

ISABELLA BOSSI FEDRIGOTTI, BETWEEN NOVELS AND THE FUTURE OF LETRATURE

The journalist and writer Isabella Bossi Fedrigotti, native of Trentino, meets the public tonight at 9 P.M. at the town hall in Canazei. In the occasion of the festival "Incontri con i libri e gli autori" (meeting authors) organised by the local library, Fedrigotti speaks about her latest novels but also about broader perspectives such as the future of literature. Keeping into consideration the role played by new technologies such as e-books and their consequences on the traditional libraries. Fedrigotti's is definitely an interesting point of view, since the beginning of her career, the writer cracks out many best sellers such as Di buona famiglia" (Campiello award 1993), "Magazzino vita" (1998), "Il primo figlio" (2008), "Se la casa è vuota" (2010), just to cite a few.

Itineraries

FROM CAREZZA TO PASCHÈ

The route starts from Passo Carezza (1,745 m). You come here easily driving from Vigo for ten minutes. Once you get here, walk towards the Lake of Carezza, until the Hotel Alpenrose, in the proximity of which there is the lower station of Paolina chairlift, which goes to Refuge Paolina at 2,125 m. Got here, you can continue the excursion on path no.539, and then path no.549: it will bring you in half an hour to Roda di Vael Refuge through a beautiful panoramic trail (2,238 m). From here, descend on path no.548, along the valley called Paschè, where lots of pretty marmots live. Go ahead in a mule track to Carezza Pass (1,15 h). Form the pass it takes about half an hour to get to the chairlift again, following the dirt patch parallel to the street (2,30 hrs.).

Did you know that...

The "mana" is the traditional flower and alpine herbs posy picked on 14th August by the Ladin people on the pastures, and let it bless for the Feast of the Assumption, in Ladin "Senta Maria Maor". The bunch of flowers, recalling the Mary's fragrance, had to be hanged in the loft, were it blighted, in order to protect home, or it hanged up in the stable to protect the cattle. In case of illness, the animals were nursed with an infusion of "mana". The custom is still in vogue as the candlelight walk for the Assumption of Mary, that take place today in Moena, Pera and Canazei (9.00 pm).
