

# GOOD MORNING VAL DI FASSA

TODAY

TOMORROW

Suggestions and tips for your holiday. Edited by Apt Val di Fassa

09/10/2016

The prestigious race in Moena is part of one of the legs of Ima Scapin trophy assigns the Italian MTB Awards.

## HIGHLIGHTS

### “VAL DI FASSA BIKE”

One of the most famous fat bike races in the Dolomites changes its formula; from the three trails of two years ago and the two of the last year, Val di Fassa bike presents now a unique itinerary. Tomorrow at 9 am bikers kick off from Moena Navalge, the race elects the winner of the Italian MTB Awards. Dirty roads across woods and meadows surrounded by the majestic Dolomites, challenging time single tracks such as the extreme ascent at the Alpe Lusia. Bikers face a 48 km long route with 2000 m of drop, the itinerary has already been defined as the most engaging ever. A unique parterre rich in famous national and international champions makes this 9th edition of Val di Fassa Bike more exciting and challenging for both racers and fans.

## Itineraries

### FROM CAMPITELLO TO PIAN

From Piazz de Ciampedel, at the crossroads between Strèda de Salin street and Strèda Sènc Felip e Giacum street, we find on our right the steps of the old chairlift station to Col Rodella. Ascend on a pathway which is characterized by the presence of the small Churches of the Via Crucis, until the hamlet called Pian. You can visit the small village, one of the oldest housing clusters of the valley, where there are still some ancient oven for bread. To go back to Campitello, descend the paved street leading to the street Strèda de Col, and then at the starting point. Alternatively, in the opposite direction you can make for the road to Val Duron. After one kilometer, you reach the street that ascends to Campitello. On the left, pass the bridge of Pian da Molin and continue to Campitello, first on flat than particularly steep.

## Did you know that...

The first rare botanical studies in Trentino date back the XVI century. The foremost researchers of flowers and plants were particularly interested for empirical medicine reasons. As documented, botanists arrived in Fassa at the beginning of the eighteenth century. In the evening, spent in the dark smoky lodgings, researchers used to catalogue flowers and plants collected during the day. In 1855, came out the posthumous opera “Flora Tiroliæ Cisalpinæ” by the local doctor Francesco Facchini Pontera. Thanks to it, the local flora and fauna finally had a detailed official description.

Initiatives reserved to guests with the Val di Fassa Card (ask your hotel/apartment) enrolments required by the previous day at the Tourist Offices. Activities are reserved for guests of the associated structures of Val di Fassa Tourist Board
