HIGHLIGHT

"DE SANCTI ANGELI" AND SAN NICOLÒ IN MUSIC

The melody "De Sancti Angeli", tonight at 9.00 pm, will be played at the San Nicolò church in Pozza. This church -it was restored in 2014 and some parts of the original structure (dated 1400) and paintings were discovered - is the location of one-of-a-kind voice and violin soul's elavation: teh echo of the songs of "Gesänge Zur Feier Des Heiligen Opfers Der Messe" (german mass) by Franz Schubert, with Rosanna Pellicani (soprano) and Alessandro Vescovi (violin). It is the third event do the "Ispirazioni d'estate" festival, that will also host until July 23 in the San Nicolò church the collection of Rosanna Pellicani: a sacred image and five etchings for an artistic disclosure of paradise.

Itineraries

FROM MOENA TO MEDIL, PRA´COMPERT AND PENIA

Reached the southern part of the football field C. Benatti of Moena, take the dirt road that leads to Medil. Ascend crossing the grassy area Val, going out from the wood into Medil hamlet. Pass the centre and nearby the Church continue to ascend along a cobbled road (no.517). Continue to Col de Moena. At the crossroads, take the easy path rightwards. Pass a ramp getting outwards onto the clearing Prà Compert. Border on the wood, and when you reach a stone with white and red sign, walk to the opposite side of the clearing. From here, descend a slope equipped with steps. Shortly the descent becomes easier and reaches the ancient hamlet of Penia. To go back to Moena, cross woods and meadows, leave the forest road, reach the hamlet of Sorte, and finally Moena.

The complete schedule of events is available in the tourist offices of the valley.

Did you know that...

In the 19th century, especially English and German travellers and the scientists begun to choose the Dolomites as their Grand Tour destination. They felt the necessity to tell their experience amongst the marvellous rocks of the territory they were about to discover. Also the naturalist Manchester Churchill, together with his friend Gilbert and their wives, travelled to Carinzia, Tyrol, Carnia and Friuli, between 1861 and 1862. Once he got back to London, he wrote and published "The Dolomite Mountains" in 1864, a precious statement and a masterpiece of touristic promotion of the time.
