## Itineraries

### FROM COL DEI ROSSI TO FEDAIA PASS

This itinerary starts from Canazei: take the cable car to reach Col dei Rossi. Descend to Rifugio Belvedere and ramble to the right in the middle of the green meadow, then on the dirt road which links to Rifugio Fredarola, situated at 2.388 m (0,20 h). Follow path n. 601, sometimes steep but mainly flat, till Rifugio Viel dal Pan at 2.432 m (0,40 h). Go on for quite a long stretch, with light altitude gaps, enjoying the amazing landscape over the group of Tofane. You will get to a crossroads: descend rightwards and diagonally to the dam. Pay attention covering the last stretch cautiously because of its incline. You will come out on the road to Passo Fedaia opposite Rifugio Marmolada "E. Castiglioni" (1,20 h; 2 hrs.). You can come back to Canazei by bus: the bus stop is exactly at the end of the path.

## Did you know that...

The small Church of San Volfango in Moena is among the oldest of Val di Fassa. Consecrated in 1432, it was painted several times on its all facades. According to experts, the most important fresco of the entire cycle is that of San Martino and the poor, near Nicola da Tolentino (it dates back to the 2nd or 3rd decade of the 15th century). The work is in courtly style, given evidence by the clothing of the saint cavalier. Not only the author of that painting is unknown, but also the others that depicted the numerous scenes inside the church.
