HIGHLIGHT

LEGO AT THE RODA DI VAEL

At altitude you find wonderful landscapes, you breathe clean air, you can walk or pedal through the Dolomites...and you even play! An amusing activity re-proposed, after the success of the past years, at the refuge Roda di Vael, where today from 10.00 a.m. to 12.30 p.m. and from 2.00 to 4.00 p.m. children can let the imagination run riot and realize incredible object with the famous and colourful bricks. Due to the dimensions of the bricks, the activity "Mi-Lego al Rifugio" is dedicated to children from 4 years old and the presence of an adult is recommended. Reaching a beautiful place where it is also possible to play is sure a reason for children to walk fast on the paths and reach the refuge: even the laziest ones will run to the goal (price: € 4,00; reservation recommended).

Itineraries

FROM MOENA TO THE BOUNDARY STONES IN THE WOOD

This track recalls the fascinating history of Val di Fassa, looking for some boundary stones that once were the borderline between the Bishopric of Bressanone and Trento, now camouflaged along paths plunged among Norway Spruces and Scotch Pines woods. From the square Piaz de Sotegrava in Moena, go up along the streets Strada Salejada and Strada de Moene. Reached Hotel Alle Alpi, turn left and ascend Strada Saslonch street, that permits to reach the locality called "Col dei Soldai". From here, follow the street towards Soraga. Along the path, cross the green meadows of Palua, till you meet the first road that ascends from Soraga. On the outer hairpin turn towards Moena, ascend to the wood that follows the borderline between the two villages, where the boundary stones are. Come back along the same route.

The complete schedule of the events is available by the tourist offices of the valley.

Did you know that...

The group of Catinaccio has always been dividing the people speaking different idioms and that have different cultures: on the west side live the people of Val d'Ega and Tires, both German speaking, while on the east side of this long mountain chain we find the Ladins, with their particular language, result of an ancient fusion between the Raetic language and Latin. People from South Tyrol call this mountain "Rosengarten", from the legend of King Laurin and his flowered garden, while Ladins call it "Ciadenac".

Initiatives reserved to guests with the Val di Fassa Card (ask your hotel/apartment) enrolments required by the previous day at the Tourist Offices . Activities are reserved for guests of the associated structures of Val di Fassa Tourist Board
