

In case of bad weather, the concert will take place at 2.30 p.m. by Hotel Arnika on San Pellegrino Pass.

HIGHLIGHT

TT COLLECTIVE "LIKE SONNY" AT COL MARGHERITA

The chimes of noon are marked by TT Collective "Like Sonny", today at 2500 metres, on Col Margherita. A suggestive location for the six jazzmen that perform at "Val di Fassa Panorama Music", the festival that invites guests to go up at altitude with the mountain lifts – here with the cable car from Passo San Pellegrino – to enjoy interesting concerts on natural dolomitic stages. The today group, made of musicians from Piemonte and Trentino, presents re-arrangements of some compositions by Sonny Rolling. On stage: Fulvio Albano (tenor sax and clarinet), Diego Borotti (tenor and soprano sax), Emilio Galante (flute), Alberto Marsico (Hammond organ), Mirko Pedrotti (vibraphone), Enrico Tommasini (drums).

Itineraries

FROM CANAZEI TO GRIES

This easy walk starts from the centre of Canazei. From here, go down along the street Strèda Roma and take the street Strèda Cerenà on the left. Few meters after the bridge on the Avisio river, walk leftwards on the higher path that skirts upward the park of the Residence Villa Avisio. Continue beyond the plank that signs the limit of the meadows, keep on walking by the skilift Avisio, and follow its stream for a while. Then, you will cross a little wood and, after a short descent, walk down again along the stream. Walk nearby a wide pasture, thereafter, enter the wood cobbled with a gorgeous moss-covered carpet. Then, come out on the state road near Pènt (=bridge in Ladin) de la Roa. Overpass it and come back to Canazei along the street Strèda Pareda.

The complete schedule of the events is available by the tourist offices of the valley.

Did you know that...

Once upon a time, the people of Val di Fassa would make the butter at home: during the night, they used to store the milk in a fresh room, so that the milk's cream would come to the surface. In this way, it was easier to remove and process it with the churner. This tool – really important for the processing of butter – has been made in two shapes: until the 17th century it was a vertical piston, then it was made to rotate horizontally. After the Second World War, the home butter processing finished, but some families still keep the gears of grandfathers and great-grandfathers (often decorated by paintings and engraving).
