The programme of "Latte in Festa" is available by the tourist offices and online on www.fassa.com.

HIGHLIGHT

"FROM THE STABLES TO THE STARS" AT "LATTE IN FESTA"

The "ambitious" soirée that, tonight, begins among hay and animals and then approaches to the stars, gives rise to huge curiosity. And this approach will be successful, no doubt, thanks to the delicious dishes that the farmhouse El Mas in Moena proposes tonight at 7.00 p.m. for the dinner "From the stables to the stars", foodie appointment of the festival "Latte in Festa" that celebrate dairy products until August, 5. The aperitif in the stable is dedicated to local cheeses, while under the stars several dishes will be served: from the appetizer, a "liquid cheeseball with yellow fruit" to the second course, a "piglet with milk, chips potatoes and fresh spinach", passing through two first courses with cheese as protagonist to conclude with a sweet milky triumph (€ 55; upon reservation). The dishes are served with local wines and live music will gladden the dinner.

Itineraries

FROM POZZA TO THE GREEN GRAZING OF VAL JUMELA

From the centre of Meida in Pozza di Fassa, reach the lower station of the lifts and take the cable car that brings you quickly to Pian del Buffaure (2050 m). From here, go eastward on path n. 613 that follows the southern ridge of Buffaure, reaching the highest altitude on the summit of Sas D'Adam (2430 m) from where you can enjoy a wonderful view on the different dolomitic groups of Val di Fassa. The track goes slightly down to reach Sella Brunech (2428 m - 1,45 h). Continue going down along the green Val Jumela, where you can see the cattle pasturing, first along path n. 644 and then on a mule track that brings to the picturesque hamlet of Pera (2,45 hrs). In about 20 minutes more, along the easy track down in the valley, you can go back to Pozza.

Did you know that...

In the Twenties, Canazei was named as municipal headquarter (the other was in Vigo), including the villages of Alba, Penia and Campitello. So a town council needed to be built. The project was assigned to the architect Ettore Sottsass who also followed the works, since the beginning of spring in 1924. The new building, still visible in the square Piaz Marconi (it has been amplified some years ago), was inaugurated in 1926 with a fascist ceremony, in presence of the town clerk, Eugenio Mazzel, undisputed authority of the village.
