Itineraries

FROM PENIA TO LORENZ AND VERRA TO INSOM

From the square of Penia go up through the meadows along the Troi de Lorenz path, reaching the small hamlets of Lorenz and Verra. Walk by the small church on a grassy path. Upward you can see the ruins of Insom. Through the meadows, reach the stream Ruf de Penia, pass it and go on rightward to a path into the wood. Walk through the clearing of Udàer, descend the state road on your right for 150 metres up to the guardrail on the bridge over the Avisio; do not cross it and make your way into the wood. The ascent becomes steeper till the paved street. Proceed on the bridge and walk 30 metres on the road. Then enter the wood on the right and follow the path. You will find a gangway that leads to the sawmill Segheria Veneziana and after the second gangway you can come back quickly to Penia.

The complete schedule of the events is available by the tourist offices of the valley.

Did you know that...

Routes in Val di Fassa had been for centuries just tree-line roads and paths in the woods: for this reason, the streets and paths of Val di Fassa have always been characterised by the presence of crosses and chapels, often decorated with saints' frescos and moralizing paintings, symbolizing the Sacred shaping people life. Actually, they were in the past a hallmark for pilgrims and travelers, especially when the area lacked of signals for the ones who travelled by foot or rode horses, through forests, crossroads, passes and valleys.

Initiatives reserved to the guests with the Val di Fassa Card (ask your hotel/apartment). Enrolments required within the previous day by the Tourist Offices. The activities are reserved to the guests of the associated structures of Val di Fassa Tourist Board.

WE THANK
