HIGHLIGHT

"THE FROZEN ROAD" IN CAMPITELLO

15 000 kilometres covered, alone, in one of the last wild areas of the world: the arctic region of Canada. "The frozen road", by the English filmmaker Ben Page, is a docu-film rich in adventure and charme that will be presented tonight at 9.00 p.m. by the parish theatre in Campitello. In the movie, presented at the last Trento Film Festival, Page tells his story: after the degree, in 2014, he left to cross the American continent, with just a bike and a tent. During the final stage in the Yukon in Alaska, he left the main road to see something that attracts him: but euphoria soon turns into fear and the travel becomes a very hard test Page has had to face several difficulties and feelings along the itinerary.

Did you know that...

Pordoi pass have always been of great importance. In a document of 1517, Maximilian I of Habsburg, Holy Roman Emperor, wrote from his headquarter in Augusta to Bernardo Clesio, prince bishop of Trento, to take care of the pass that from "Avinale Longo" brought to Val di Fassa and then to Val di Fiemme, Trento or Bolzano, because there used to pass big loads of goods. Any difficulties of passage or access would have brought to heavy loss of money derived from the duties imposed along the track.

Initiatives reserved to the guests with the Val di Fassa Card (ask your hotel/apartment). Enrolments required within the previous day by the Tourist Offices. The activities are reserved to the guests of the associated structures of Val di Fassa Tourist Board.
