Its three formulas are: 3 days out of 6 (you can use the lifts on 3 days to choose within the 6 consecutive days of validity of the card; € 56 instead of € 65), 6 days out of 6 and 7 out of 13 (with related prices). Itineraries

FROM POZZA TO THE MEADOWS OF CIANCOAL AND MEIDA

Get to the bridge on Avisio River, which links Pozza with Meida and walk along the sidewalk that skirts the state road toward Pera. After 200 metres, leave it, always following now Avisio's flow. Continue until the wooden bridge of Piciocaa. Once you have crossed it, you will arrive in front of a chapel recently restored and a large playground for children. Make your way to the lower path towards Meida, and cross a broad grassy plain in Ciancoal. When you arrive at the asphalt road bearing the same name, you begin to ascend. Afterwards turn right in the Street del Piz and enter Meida, where you find the Church of San Nicolò. From here, follow Street de Meida, and you will get back to the departure point.

Did you know that...

This is the worth-telling legend of Merisana, queen of Dolomitic nymphs called Ondine. She was a beautiful girl, struggling for the happiness of every creature in the world. The King of Sunrise stopped at a brook and saw Merisana. He fell in love with her and married her. She asked an hour of happiness for all creatures in exchange. Nature offered fronds, flowers and fruits. Dwarfs created a new tree for her: the larch. But on the wedding day the larch withered. Merisana laid his veil on the tree and it greened again. Still today, in spring, the fairy veil is visible on larches.
