Suggestions and tips for your holiday. Edited by Apt Val di Fassa

The first edition of the "Stella Alpina" dates back to 1947 and Val di Fassa is often part of the itinerary in the latest years.

## HIGHLIGHT

### THE HISTORIC "STELLA ALPINA" IS WORTH AN OSCAR

Among the finalists in the nominations to the "Historic Motoring Awards", the Oscars of the vintage cars (only five in the world are selected), the "Stella Alpina" comes back today until Sunday also on the roads of Val di Fassa. The vintage cars, that take place in this Aci Sport 2019 "super-classic" trophy, will be exposed today in the square Piazza de Comun in Pozza, from 7.30 p.m., to be admired by the enthusiasts, before leading towards Moena. From here, they will depart again on Saturday in the morning, along a dolomitic itinerary that is a sort of runway for this design models. Cars and pilots will then go back to the Fairy of the Dolomites, where they will be protagonists of an evening appointment. On Sunday they will finally go back to Trento and to the end of the tour.

## Itineraries

### FROM POZZA TO MALGA CROCIFISSO

Starting from the hamlet of Meida, in Pozza di Fassa, go up along the street Strada de Meida that soon becomes Strada Ruf de Ruacia. You will reach the bridge that crosses the stream near the restaurant La Soldanella. Not much before the bridge, on the right, you will enter a nice dirt road. The path starts with a light climb, that becomes steeper while going up along some hairpin turns, passing through meadows and woods. Afterwards, the track becomes flat again until it meets the paved road that leads to Val San Nicolò. With another short walk along a slight climb, you will reach Malga Crocifisso (1526 mt). Come back along the paved road that leads to the village.

## Did you know that...

In the Twenties, Canazei was named as municipal headquarter (the other one was in Vigo), including the villages of Alba, Penia and Campitello. So a town council needed to be built. The project was assigned to the architect Ettore Sottsass who also followed the works, since the beginning of spring in 1924. The new building, still visible in the square Piaz Marconi (it has been amplified some years ago), was inaugurated in 1926 with a fascist ceremony, in presence of the town clerk, Eugenio Mazzel, undisputed authority of the village.

Initiatives reserved to the guests with the Val di Fassa Card (ask your hotel/apartment). Enrolments required within the previous day by the Tourist Offices. The activities are reserved to the guests of the associated structures of Val di Fassa Tourist Board.
