FROM CANAZEI TO VAL DURON

This “Amazing hike” starts from the centre of Canazei: follow Via Roma street to the area called Ciuch and here go up along Strèda F. Dantone street, leading to Strèda Dolomites street. Follow the pavement towards Campitello, till Hotel Caminetto: here cross the street, reach the hotel and take the path ascending slightly to “Bosch da Ronch” wood. The trail keeps ascending till it comes to the hairpin bends that lead to Pian, over Campitello. Follow the street crossing this picturesque hamlet and take the path beginning from Strèda de Fossèl street. Walk until Baita Fraine, in Val Duron. From here, you can reach Rifugio Micheluzzi. To go back, you can either walk along the same route or descend the forest road leading to Campitello and on the nice walk along the Avisio river, come back to Canazei (3 hrs.).

Did you know that...

In the 19th century, especially English and German travellers and the scientists begun to choose the Dolomites as their Grand Tour destination. They felt the necessity to tell their experience amongst the marvellous rocks of the territory they were about to discover. Also the naturalist Manchester Churchill, together with his friend Gilbert and their wives, travelled to Carinzia, Tyrol, Carnia and Friuli, between 1861 and 1862. Once he got back to London, he wrote and published “The Dolomite Mountains” in 1864, a precious statement and a masterpiece of touristic promotion of the time.

Initiatives reserved to the guests with the Val di Fassa Card (ask your hotel/apartment). Enrolments required within the previous day by the Tourist Offices. The activities are reserved to the guests of the associated structures of Val di Fassa Tourist Board.
