HIGHLIGHT

“UKULELE LOVERS” IN CONCERT AT BUFFAURE

The only ukulele orchestra in the whole Triveneto performs today at 12.00 p.m. on the meadows of Buffaure in Pozza for “Val di Fassa Panorama Music”. “Ukulele Lovers”, which presented its first album “In This Life” in 2016, is a lively ensemble that performs and promotes in workshops and concerts this “dramatically beautiful” instrument in all its dimensions, from the sopranino to the bass ukulele. The enjoyable sound of the “Jumping Fleas” (this is the meaning given to the instrument in Hawaii) is always a mean of aggregation and carelessness, especially in this case, thanks to the repertoire presented by the band that pursues music projects of great freedom: from the arrangements of the traditional jazz, to Michael Jackson’s and Bee Gees’ pop music, to the Broadway theatre classics to Marylin Monroe.

Itineraries

FROM COL DEI ROSSI TO FEDAIA PASS

Take the cable car from Canazei and reach Col dei Rossi. Descend to Rifugio Belvedere and ramble to the right in the middle of the green meadow, then on the dirt road which links to Rifugio Fredarola, situated at 2.388 m (0,20 h). Follow path n. 601, sometimes steep but mainly flat, till Rifugio Viel dal Pan at 2.432 m (0,40 h). Go on for quite a long stretch, with light altitude gaps, enjoying the amazing landscape over the group of Tofane. You will get to a crossroads: descend rightwards and diagonally to the dam. Pay attention and cover the last stretch cautiously because of its incline. You will come out on the road to Passo Fedaia opposite Rifugio Marmolada “E. Castiglioni” (1,20 h; 2 hrs.). You can come back to Canazei by bus: the bus stop is right at the end of the path.

Did you know that...

The history of Arts in Val di Fassa is a reflection of the political and cultural influences of the powers that managed it. The first Middle Age is rather undertone, also due to the poor evidence we have. The Fifteenth and Sixteenth centuries show clear guidelines of the nearest South Tyrol, in respect for the borders of the Prince-Bishopric of Bressanone. Then, we see a change of direction towards the Veneto region with Valentino Rovisi as the main exponent, student of Tiepolo. The Nineteenth and the Twentieth Centuries, instead, look definitely at Vienna.
