HIGHLIGHT

50 YEARS OF "CIAMORCES DE FASHA"

In 2019 the "Ciamorces de Fasha" (The chamois from Fassa, in Ladin), group made of more than 70 alpinists, mountain guides and member of the Alpine rescue, celebrates 50 years of activity. Tonight, at 9 p.m. in the square of Campitello, there will be the first of the soirées that celebrate this group, able of extraordinary mountaineering deeds. Together with the public appointments in some villages of the valley, there is also a photographic exhibition that narrates the most important stages of the history of the "Ciamorces". Among these, the expedition to Patagonia in 1976 and that on the Cho Oyu of 1996 (at 8201 metres). Among the most famous in the group: Tone Valeruz, world-wide myth of extreme skiing, Sergio Valentini, who reached the top of the Everest without oxygen in 2007, and Bruno Pederiva, who is the president of the "Ciamorces".

Itineraries

FROM POZZA TO MALGA ALOCH

A walk suitable to everybody, is the one that from the town-centre of Pozza leads to Malga Aloch. At the crossroad between Strada de Meida and Strada de Fraina, take the road that throughout the houses leads fast to an uphill path in the wood. After a first crossroad, go on to a second one and go left, especially if you have children and strollers and you want to avoid any fatigue. If you go straight, instead, after a short uphill stretch, you reach the meadows through which you reach Malga Aloch, after a short descent. From here you can enjoy a splendid panorama on the villages of Pozza and Vigo and on the Roda di Vael. Go back along the same itinerary.

The complete schedule of the events is available by the tourist offices of the valley.

Did you know that...

The path that links Passo Fedaia to Passo Pordoi was used by the flour merchants from Belluno to cross the valleys quickly, avoiding the valley bottom. The flour was usually given in change of craftsmanship objects around the Ladin valleys. That's why this track is called "Viel dal Pan". Giving importance to this track, from where you can have a unique sight over Marmolada, the German doctor, Karl Bindel, president of Bamberga "Doav-Cai", covered it at the end of the 19th Century and took care of its arrangement.

Initiatives reserved to the guests with the Val di Fassa Card (ask your hotel/apartment). Enrolments required within the previous day by the Tourist Offices. The activities are reserved to the guests of the associated structures of Val di Fassa Tourist Board.
