PANORAMAPASS: FREE TO MOVE IN THE VALLEY

Majestic peaks, wonderful summits may seem difficult to reach... actually they aren't in Val di Fassa. Thanks to cable cars, chairlifts and cabinlifts everyone can archive and explore these wonders especially those who arrive in the valley, leave their cars and purchase PanoramaPass the exclusive card providing free access to the lifts and public transport of the valley. PanoramaPass gained a great success among guests (about 36 thousand cards sold each summer) especially for its varied formula: 3 days out of 6; 6 days out of 6; and 7 days out of 13. PanoramaPass can be purchased both at the lifts and at the tourist offices. What are waiting for? Get you pass and enjoy the nature and landscape at high altitude and why not...take a break at a mountain refuge or experience an exciting excursion.

Itineraries

FROM CAMPITELLO TO PIAN

From Piazz de Ciampedel, at the crossroad between Strèda de Salin street and Strèda Sènc Felip e Giacum street, we find on our right the steps of the old chairlift station to Col Rodella. Ascend on a pathway which is characterized by the presence of the small Churches of the Via Crucis, until the hamlet called Pian. You can visit the small village, one of the oldest housing clusters of the valley, where there are still some ancient oven for bread. To go back to Campitello, descend the paved street leading to the street Strèda de Col, and then at the starting point. Alternatively, in the opposite direction you can make for the road to Val Duron. After one kilometer, you reach the street that ascends to Campitello. On the left, pass the bridge of Pian da Molin and continue to Campitello, first on flat than particularly steep.

The complete schedule of events is available in the tourist offices of the valley.

Did you know that...

On the 16th February Val di Fassa celebrates its patron saint, Santa Giuliana. In the past, after a very long procession, the people of the valley used to meet in Vigo. The procession was built up by two branches, one departing from Soraga and the other from Penia. The branches got large and large passing through the villages and once in Vigo people began to ascend towards the hill, where the patron's Church is located, and only few people could enter. The majority of people had to pray outside, on the "Cjaslir", worship area already before Christianity in Val di Fassa.

Initiatives reserved to guests with the Val di Fassa Card (ask your hotel/apartment) enrolments required by the previous day at the Tourist Offices. Activities are reserved for guests of the associated structures of Val di Fassa Tourist Board
