HIGHLIGHT

"SKYRACE" ENTERS TODAY IN THE "GOLDEN TRAIL WORLD SERIES"

The most awaited race of the "DoloMyths Run" departs today from the square Piazz Marconi in Canazei: it's the Skyrace, valid for the "Golden Trail World Series". 22 kilometres through woods, rocky paths and gravel, covered in not much more than 2 hours by the sky runners. From the town-centre, the athletes that come from wherever in the world to Val di Fassa to take part in the competition, go towards Piz Boè (at 3.125 metres) and then they descend fast (along 12 km) till the final line in the village. This is a race that gifts with much spectacle for its landscapes and agonistic moments. At the end of the race, which as the whole week of the "DoloMyths Run" does, can count on the exceptional sponsorship by Salomon and on a brilliant organizing committee, with pasta party and the awarding ceremony in the square at 3.30 p.m.

Did you know that...

At the outbreak of the Great War in Italy, the Austrian front in Val di Fassa was made of territorial troops and of two Standschützen companies from Pozza and Campitello-Moena. The companies were made of a large group of men between 17 and 70 years recalled to defend their territory. The Standschützen didn't have any adequate military education, they had only few machine guns and cannons, but they were good shooters and knew the valley very well. Their distinguishing marks were some black grouse feathers on their hats and the Tyrolean Eagle on the flashes.

Initiatives reserved to the guests with the Val di Fassa Card (ask your hotel/apartment). Enrolments required within the previous day by the Tourist Offices. The activities are reserved to the guests of the associated structures of Val di Fassa Tourist Board.
