

On August 3rd and 4th, nearby the campsite Vidor, the road to Val San Nicolò – that can be reached on foot or by shuttle, is closed to the traffic.

HIGHLIGHT

“FESTA TA MONT” TASTES OF MILK

Tonight in Pozza and then until Sunday, August 4th “Festa ta Mont” takes place in Val San Nicolò: the folk event that has been celebrating the Ladin culture made of traditions, costumes, music and food, concentrates this year on: cattle, farming and dairy making. This mountain economy perfectly merges with “Latte in Festa” which, for the second consecutive year, is part of the event with themed activities, for two feasts in one. As usual “ta Mont”, which this year closes at 6.00 p.m., offers several food stands for tasting traditional dishes, but also hosts artists and a themed trail that tells about life at altitude (in the past and today) with panels in Italian and in Ladin. Many games for children and families.

Today in the valley

IN MEMORY OF LUIGI HEILMANN

GARDENS AND TOWN COUNCIL MEETING ROOM – MOENA AT 5.30 P.M.

Itineraries

FROM SELLA PASS TO COL RODELLA

This itinerary starts from Rifugio Passo Sella (at 2.244 m), soon after the namesake pass, easy to reach by car from Canazei (around 13 km). From here follow the path n. 557-4, toward the pass Forcella Rodella (at 2.318 m – 0,40 h) and take the path, which brings quickly to Rifugio Des Alpes (at 2.387 m). Along an easy track on the eastern ridge of the mountain, go up to Col Rodella’s peak (at 2.484 m – 0,15 h), where you can enjoy a wonderful view over Val di Fassa and the entire chain of the Dolomites. Go back following the same route. If you only wish to see the panorama, you can take the cable car from Campitello, to reach Rifugio Des Alpes (at 2.387 m – 0,20 h) and then the panoramic viewpoint of Col Rodella. Come back in the same way.

Did you know that...

When you reach Canazei from the Pordoi Pass and you keep going on towards the region Veneto, you will encounter the monumental chanel house, located in the striking landscape of the high altitude meadows (at 2239 m). The building is an octagonal-shaped tower with a large circular base on two layers. 454 German soldiers and 8.128 Austro-Hungarian soldiers, fallen during the Great War, are buried in the central crypt. In the surroundings there are the graves (single or combined) of 842 German soldier of the Wehrmacht, fallen during the Second World War.
