In case of bad weather, the presentation with Cavezzali will take place by the parish theatre in Campitello, while that with Godano by the events pavilion.

HIGHLIGHT

WEEK-END WITH THE AUTHORS OF "SCRITTURA FESTIVAL"

The festival dedicated to the summer best sellers (but not only), goes on (after the appointments of the previous days) today and tomorrow with some not-to-miss appointments. Today, at 5.00 p.m. in the square of Campitello, the journalist Matteo Cavezzali from "LA Repubblica" presents "Icarus. Ascesa e caduta di Raul Gardini", his first book with which he has won the Volponi prize. Tomorrow, from 9.00 p.m., again in the square Piazz de Ciampedel, it's time for Cristiano Godano, singer of the Marlene Kuntz who has recently published his: "Nuotando nell'aria. Io, i Marlene Kuntz e qualche canzone". Godano, who published a tale collection in 2008 entitled "I vivi", presents now a narration, through personal memories, socio-political reflections and, obviously, several consideration of the evolution of Italian music.

Itineraries

FROM POZZA TO THE MEADOWS OF CIANCOAL TO MEIDA

Get to the bridge on Avisio River, which links Pozza with Meida and walk along the sidewalk that skirts the state road toward Pera. After 200 metres, leave it, always following now Avisio's flow. Continue until the wooden bridge of Piciocaa. Once you have crossed it, you will arrive in front of a chapel recently restored and a large playground for children. Make your way to the lower path towards Meida, and cross a broad grassy plain in Ciancoal. When you arrive at the asphalt road bearing the same name, you begin to ascend. Afterwards turn right in the Street del Piz and enter Meida, where you find the Church of San Nicolò. From here, follow Street de Meida, and you will get back to the departure point.

Did you know that...

In the ancient times, Vigo was the village with the meadows that were best exposed to the sun and, consequently, the most productive in the valley. The barley would give five times more seeds than anywhere else, the rye four, and even wheat and some legume would mature. Beside, in the less sunny Canazei, in several seasons the cereal wouldn't even reach the maturation. Throughout the valley, the products of the ground were enough for maximum nine years during the year and so, usually, it was necessary to buy those grown in the Adige valley.

WE THANK
