

GOOD MORNING VAL DI FASSA

Suggestions and tips for your holiday. Edited by Apt Val di Fassa

09/04/2019

Mushroom-picking is allowed every day (from 7 a.m. to 7 p.m.) and it is possible to collect up to 2 kilos a day per person.

HIGHLIGHT

AN EXCEPTIONAL SUMMER FOR MUSHROOMS

This summer is demonstrating to be the summer of the mushrooms, day after day, not only in Val di Fassa but also on the whole Alpine arch. Several articles published by the local newspapers since July report of unusual picking, thanks to a wet climate and to night temperatures above 10 degrees. And now that we are in the best period, according to the most expert mushroom pickers, there is much expectation on good loots, but it is important to remember that there are rules to follow when picking up mushrooms in Val di Fassa. Before exploring the woods, it is necessary to declare the activity at one of the seven villages of the valley and pay an amount depending to the duration of the activity (from a minimum of € 10 for one day to a maximum of € 60 for one month), through payslips that can be found by the tourist offices).

Itineraries

THE TOUR OF SAN PELLEGRINO LAKE

The lake is ideal for passionate photographers and shot to share on the social media, it is located on San Pellegrino pass, at the foot of Col Margherita. From Moena, reach the pass (by car or by bus) to Hotel Monzoni. Go down for about 50 metres on a dirt path, through bunches and rhododendrons to a yard with tables and benches. Go on along the shores of the lake, surrounded by firs and larches. The itinerary is enriched by bridges and walkways that define wonderful frames with the peaks mirroring into the water. Nearby, beside the hotel Miralago, there is also the lake "delle Pozze" for another walk around it.

The complete schedule of the events is available by the tourist offices of the valley.

Did you know that...

The Street of the Dolomites, inaugurated in 1909, and the building of several hotels along the road, Fassa registered an extraordinary tourism inflow. All along the valley, Moena and San Pellegrino Pass included, there were 23 hotels and taverns when the First World War broke out. Moreover, there were 15 refuges at altitude. The locals were finally dreaming of a new source of revenue and a little bit of wealth. Unfortunately, the war blew out their hopes and the idea of a flourishing tourism was set aside for long.

Initiatives reserved to the guests with the Val di Fassa Card (ask your hotel/apartment). Enrolments required within the previous day by the Tourist Offices. The activities are reserved to the guests of the associated structures of Val di Fassa Tourist Board.

WE THANK
