Itineraries

FROM POZZA TO SELLA BRUNÈCH AND VAL SAN NICOLÒ

Once you get to Buffaure (at 2.060 m) departing from Pozza by cable car, descend the slope until the cleft and reach the refuge Baita Cuz. Ascend now towards the peak. Walk towards Sas de Adam and, after a short descent, walk up to the saddle Sella Brunèch at 2.428 m (2 hs). Walking along path n. 613, you will follow the ridge that faces the Ciampac hollow until the spurs Sas de Roces. Now head for Val San Nicolò: descend along some hairpin turns, at some points equipped with wire ropes) and reach the grassy cleft at the north of Sas Bianch. Take again path n. 613 to the western face of Varos. Go down to the refuge Val San Nicolò (at 2.338 m; 2 hs; 4 hs). Go back to Val San Nicolò till Baita Ciampié and thence to Pozza, walking along the paved street (1,30 h; 6,30 hs).

Did you know that...

A funny game for children and a perfect incitement to wander, from refuge to refuge, hunting for the "mythic" stamp. The "Passport of the Dolomites" is a booklet, in style of a real European document, to buy directly on the mountain refuges, restaurants or museums, each providing its special stamp to register the passage through the adventuring places among the peaks. Fill it in with a picture of your child or a drawing and bring it with you during your trips, to note the track followed, the peak admired, many curiosities and to have a nice diary about your mountain holidays.

Initiatives reserved to guests with the Val di Fassa Card (ask your hotel/apartment) enrolments required by the previous day at the Tourist Offices. Activities are reserved for guests of the associated structures of Val di Fassa Tourist Board
