Itineraries

FROM PIAN DE FRATACES TO COL RODELLA

This amazing hike starts in Canazei. Drive (or walk) towards hotel Lupo Bianco at Pian de Frataces, park your car and leave the street going towards the bridge over Ruf de Antermont stream. Cross it and take path n. 655 that follows Col de Pica forest road. When you reach Ruf de Val stream, go on to the limit of the wood towards the Costa Rossa. Turn right and go up to Pian de Marizanela. You will have to face a steep track to the hollow of Val. Once arrived at a crossroads, go left ascending a wide plain (0,45 h), then cross it and go up entering Val Salei, proceeding towards Passo Sella (not much over Rifugio Valentini; 0,30 h; 1,15 h). From here, go left towards Rifugio Des Alpes (0,45 h; 2,00 hrs): here take the path that in 15 minutes brings to Col Rodella (2.484 m).

Did you know that...

In past centuries, people from Val di Fassa and the other Ladin populations who lived around the Sella group, relied principally on agriculture and breeding. From the 19th century, the artisan woodcarving and the construction of toys have been given a substantial boost. People from Fassa used to carve them raw, and sold them in Val Gardena to be decorated. According to some documents from Val Gardena, the amount of exported products, partially realized by people from Fassa, reached 250 quintals. In 1850 1.873 quintals were sold and, in 1890, 5.500 quintals.
