Itineraries

FROM VAL MONZONI TO VAL SAN NICOLÒ

From the village of Pozza, drive along Val San Nicolò for 4,5 km, park your car at the crossroads to Val Monzoni, by the chapel of crucified Christ. Follow on your right the asphalt street that arrives at the wood, then go beyond the plank and take path n. 641 along Val Monzoni. Cross the stream, enter the wood and get to the green grazing of Monzoni. The path becomes steeper towards pass "del Pief" (1.45 h). Walk towards Palacia and Pecol and descend on your left. You will get to the wonderful Lagusel lake (0.15 h; 2.00 hrs). Go through the green grazing, you will find the ancient street that goes down to the valley bottom. Take "Strada di Rusci" (0.40 h; 2.40 hrs). Pass Ruf de Sèn Nicolò stream and, soon after, go back on the asphalt street that leads back to the crucified Christ (1.00 h; 3.40 hrs).

Did you know that...

Do you wish to know the weather forecast? Are you in the nearest of Mazzin? Just go to Piaze de S. Maria Madalena, where you will find, near the fountain, a real weather station with thermometer, barometer and hygrometer in order to be informed with certainty on temperatures, humidity and atmospheric pressure: these are 3 parameters that reveal us whether the sun will shine or if the rain will fall over our mountains. Four Ladin inscriptions, moreover, enrich the base of the station: these are four reliable proverbs related to the climate conditions.
